ABOUT ME

I'm a passionate front-end developer with a strong foundation in modern web technologies including React, Next.js, Tailwind CSS, and Material UI. I specialize in building responsive, user-friendly interfaces that combine clean design with functional performance. I've gained hands-on experience through academic projects and internships, and I'm always eager to learn new tools and frameworks. I thrive in collaborative environments and take pride in writing scalable, maintainable code that enhances user experience.
